## A.C.T! Probationary Contract

Your group may choose to place group members on probation - if one person is on probation, all are on probation. If one person wants the group to go on probation all go on probation. The probationary period extends for one marking period and may be renewed at the beginning of subsequent marking periods.

**GROUP NAME:** \_\_\_\_\_

### PROBATIONARY STIPULATIONS OF THE CONTRACT:

- 1 - The point of the Probationary contract is to keep individual members accountable to the group. If specific tasks are laid out at the beginning of the study, then all members realize their individual responsibilities, and accountability to the group.
- 2 - If the group chooses probation, and one individual may do that - which places all in the group on probation, group members will discuss and decide on individual responsibilities at the beginning of the marking period study.
- 3 - Once duties are divided up equally and agreed upon - they will be recorded on the back of this contract. Each individual's requirements will be listed. Each individual must sign the contract for it to be valid.
- 4 - Then go about your business. Work together and work individually and help one another, but realize you are responsible for your segment of the contract.
- 5 - If probationary member is either excessively absent or not fulfilling their expectations within the group, Mr. Wood will talk with the probationary member and give them a zero for their Marking Period portion of A.C.T! If the probationary member does not fulfill agreed upon assignment he/she will fail.
- 6 - Remaining group members will be allowed an Incomplete for the Marking Period. Mr. Wood and remaining group members will decide upon a time period for completion of the workload. Workload for the marking period will not be altered. All remaining group members will earn the same final grade.
