

My name is Devon Huston. I am a junior at Oakridge High School. I participate in National Honor Society, Student

Council, yearbook committee, and soccer. After high school I plan on attending Michigan State University to study Criminal Justice. I am a very driven and independent person. I do my best in school and push myself to get all A's. I never let myself slack off and I respect every single person in my life. My favorite subject in school has always been history, and I feel like this trip to Selma, Alabama will be an amazing experience for me.

This trip is an amazing experience for me because I love history. I love to learn about events that have happened in the United States. The Civil Rights Movement was a very important event in history that changed the lives of people in the United States today.

By going on

this trip to Selma, I will be able to get involved in things that I have never experienced before. I will be able to walk the walk that famous activists in the Civil Rights Movement did decades ago. We have to make it known that people still care about what happened during that time, and that we still care about the lives that were lost fighting for freedom. We have to let people know that what happened during the movement was wrong, and that nothing like this should ever happen again.

The total cost of the trip will be \$655. Any contribution that you are willing to make will be greatly appreciated. I will be more than happy to share what I experience with you when I come back. Thank you so much, and have a nice day!
