

Hi! my name is Carla Kevern, and I am a Junior at Oakridge High School. I am 16 years old, and I work at Mr. Quicks, participate in NHS, Hope, and I am dual enrolled at Muskegon Community College more than full time. I enjoy running every day, traveling, playing with my dog, ice skating, and doing anything active. At Muskegon Community College I am working on my Associate degree in Psychiatry, I plan to transfer to Western University to get my Doctorate, and then move on to the University of Michigan for medical school. I also plan to get a minor in political science, and sociology. In 2015 I will graduate high school with twenty credits left of my bachelors.

I love to travel because seeing the world breaks down the barriers that trap your mind. After traveling one comes back with a sense of empowerment, and they want to change things. Washington D.C is filled with the constant buzz of politics and history. this is the perfect place to learn how to change and better your community. I've always wanted to make a difference in my community, but I don't want to stop there. My trip to Washington D.C will only be the beginning for me. I want to change things in this country for the better, and I'm hoping that you can help me start this journey...

Ideally, travel broadens our perspectives personally, culturally, and politically. Suddenly the palette with which we paint the story of our lives has more colors... Rick Steves
