

Close Up - Loose Ends - (very very very important loose ends)

You are were GREAT travelers - I really enjoyed spending the week with you all... sort of....:)

but...we have extremely significant things that matter to finish up. A lot of folks helped make this trip possible. If we didn't have the extra funds from Close UP or Consumers Energy or David Klemm at the MAISD or from Mr. McVoy on the hotel we'd have been in trouble. So, in order to show your appreciation and for the program going into the future - lets finish up strong. I'm going to ask you to sign up for some things - turn your stuff back into me by Friday (at the very very very latest Monday) - and I'll mail it all out. Don't sign up if you aren't going to do it. And if you sign up do a good job. People like to be recognized. And they helped us a ton.

If any of you would like to do a little video vignette on any segment of the trip - I'd be glad to interview you. Not a requirement...but its a good way to let people know what is happening next year. And we don't have anything on Dupont or the Baron...and we can always use more videos....

So if you're interested let me know.

Also - Mrs Trowbridge wants photos for the YEARBOOK! Somebody please take care of that.

and I want to make a GIANT Poster - so I need all sorts of photos...in a decent size so when they blow up they won't turn to mush. And please if you have any that aren't posed or selfies - that would be real nice but I'm sure they don't exist....

I have linked a PDF of all of the (letter) cards and all of the postcards that we need to fill out.

I will list the individuals below who we need to thank specifically. Sign up if you'd like on this the large sign up sheet on Mr. Wood's back desk...thanks...

Thank You to Wolfies,

We really appreciate your donation - it helped us to raised money for our cause - it was really really cool. I promise that we did not spend any of the money on drugs.

At least most of us didn't...blah, blah, blah, blah, blah. Thank you from the whole Close Up Group.

blah, blah, blah blah -

With love and duck lips - Phil the Camel
Close Up 2015

Go ahead and draw a box and put the address inside that way you won't forget:

Wolfies Pizza
420 S Wolf Lake Road
Muskegon, MI 49442

- **Greeting Cards**

- These are a bit more in- depth than a postcard. Introduce yourself and thank the individual specifically for their help from you and from the group. Be personal. Write as you see fit.

- **Post Cards** - make sure to leave room for the stamp...and write legibly so people can read the damned thing.
