

October 1 Class and Assignment #3

What's on Tap? - Commitment & Six Committees

Commitment - I have a concern. For our first quiz - six of twelve people did not do the reading thoroughly and earned an F on a very easy quiz. On our second Assignment - summary of the six committees - five people earned a zero. This kind of effort will not be adequate to get you to Chicago, let alone prepared well enough to perform at a high level. Guys we have work to do! If you don't intend to work - then my suggestion is that you drop the course. Everybody who goes needs to know that they can depend on their comrades to pull them through.

So, think about it. You are either "All in" or out.

Six Committees - Let's look at each of the six committees. What are they? What issues do they address? What questions can push you to find the answers?

Which ones would you like to serve on and who would you like to work with?

We will address that tonight.

- We will also:
- Watch our 2014 Video - to get an idea of what the Conference is all about.
- I'll provide handouts for you to read of Brandt's Travel Guide

Make sure to check [Course Information](#) for any questions dealing with "All Things AMUN."

What's on Deck? - Committee Assignment Requests / More on Rwanda

Assignment requests - *This is not an assignment. It is your request.* by Sunday please e-mail me your choices first, second, and third for your committee assignments. Also, please note if you would like to work with a particular individual. You may also note - why - in paragraph form - your choices for committee and partner are as they are. Anything you would like to say do so in the email...bobwoodmsu@gmail.com. If you do not email me by Sunday night 11:59 PM, I will assume that you have no preference. To repeat this is not an assignment - no points. I will let you know our pairings at the October 8 meeting. You should sit with your partner and communicate with your partner - the rest of the way.

Rwanda - "A Closer Look" - Below, I have provided you some sources to help you increase your working knowledge of Rwanda. Please read each. As you find solid information copy it and place it in your binder; you'll build information for the Chicago Conference. Also remember that exploring East Africa is as important to us, as discovering Rwanda.

- **Brandt Travel Guide Introduction** - I provided everybody a handout at the last class / please read it.
- [CIA World Factbook](#) - Good quick information on nations of the world.
- [Wikipedia on Rwanda](#) - Wikipedia gets a bad rap. I always go there for quick reliable and easily accessible information.
- [World Vision](#) - a two page easy info PDF guide on Rwanda out of Australia.
- [Travel - Independent Info](#) - East Africa / go anywhere here - any East African Country. You may bullet on our bordering countries.

Assignment #3 - 20 Things about Rwanda - Look through each of the above sources. Find four interesting things about Rwanda per sight. Post the following 1 - Identify the Source. 2 - Bullet the four - one word title and a three to five sentence explanation of each. Don't repeat a post topic. Assignment is due posted to Blackboard by 11:59 PM on Wednesday night.

Lets make sure that we are providing this course the effort that is equal to the investment that Muskegon Community College has made on our behalf. Contact me if you have questions...
