

My name is Skylar Webster. I'm 17 years old, and I'm a junior at Oakridge High School. I love to read and to help people. After high school, I am going to go to college to get my degree in Nursing.

In May, I plan on going on a week long trip with my school to Washington D.C. I wanted to go on this trip last school year, but I decided to wait. I'm really glad I waited because now I know a lot more about how our government works, and I think I will get more out of the experience because of that. On this trip we will get to see almost all of D.C. We get to meet government officials, debate on current issues, and we even get to help out at the DC Kitchen Homeless Shelter. People in high schools from all over the United States get to go on this trip. I believe this will be a really good experience, and I can't wait to go meet new people and learn new things.
