But in all of this my generation is the most connected through social media but the most lonely of any generation in recent history -- we also do not have enough sex to support a anti-immigration stance to stay competitive in the growing world. A generation of people who have a hard time communicating with one another. We are desensitizing ourselves to humanity.	9/11/2017 8:26 AM

12	Damage. I fear that there are too many problems with the world.	9/11/2017 8:16 AM

The coolest thing was seeing all of these people slowly dying and are in one of the worst circumstances of all time, yet they were there with a smile because they were at peace and excited to talk to an American.
